

Praise You Again [Lyrics]

[Revolution Music]

V1, C, V2, C, B, B, B

VERSE 1:

Why am I discouraged
Why am I so sad
Though my heart is breaking
I will remember you

CHORUS:

When the fire comes
When the waters rage
God of all my days
I'll praise you again
How great you are
God of endless fame
Now we bear your name
I'll praise you again

VERSE 2:

Can I stand before you
Can I feel your grace
Quiet all the mocking
I will remember you
I will remember you

BRIDGE:

God we love you
God we love you
Over and over again
Over and over
God we love you
God we love you
We Just wanna rest in you
We Just wanna rest in you
