[Rev Worship]

V1, C1, V2, C2, B×6, C2

Verse 1

The one who saw all of my failure
Carried a tree made for me
Knowing the times I've betrayed you
Bearing my sin your love was true
Your Love was true

Chorus 1

Lamb of God nothing is impossible
You have won all our fear is overcome
Death is done
I'm seated with you Jesus

Verse 2

My sin buried with your body
The curse has no power over me
Im standing up with the lion
Eternity is what you control

Chorus 2

Lamb of God nothing is impossible
You have won all our fear is overcome
Death is done
I'm seated with you
Surrounded by healing from a bloody cross
Death to life there's no place you haven't gone
You're alive
I'm seated with you Jesus

Bridge

Darkness run and hide from the one who holds the light
Sickness start to flee for now we hold the victory
