[Rev Worship]

V1, PC, C1, V2, PC, C2, B×2, C3

VERSE1

Tears on the floor
I'm calling out to you
I want to hear your voice
I need you to guide me through

PRECHORUS

I'm waiting, I'm waiting, I'm waiting for my change to come
I'm waiting, I'm waiting
I know the battle's been won

CHORUS

You lead me through the wilderness
I want your fire in every step
Falling into the unknown
I'll go wherever you go
So I'll walk on, I'll walk on, I'll walk on

VERSE 2

So ready my heart
For your promised land
You're preparing me
For things I don't understand

PRECHORUS

I'm waiting, I'm waiting, I'm waiting for my change to come
I'm waiting, I'm waiting
I know the battles been won

CHORUS2

You lead me through the wilderness
I want your fire in every step
Falling into the unknown
I'll go wherever you go
You lead me through the wilderness
I want your fire in every step
Falling into the unknown
I'll go wherever you go
So I'll walk on

BRIDGE

You go before me, walk beside me
I want all you have for me
You're still working in my waiting
Believing you for greater things

CHORUS3

You lead me through the wilderness
I want your fire in every step
Falling into the unknown
I'll go wherever you go
