Intro, V1, C, V2, C, B, Inst, Cx2, Outro

## Intro:

## Verse 1:

Like the bright and morning star  
You have come to light up the dark  
Captivated by your healing scars  
We yearn for your heart

## Chorus:

There's no one like Yahweh  
So worthy to be praised  
We're standing in your blood  
Where the broken find their name  
There is no one like Yahweh  
There is no one like Yahweh  
There is no one like Yahweh  
Ohh Yahweh

## Instrumental:

## Verse:

Silenced by the voice of my God  
I can hear the rhythm of your heart  
While the waves are crashing in the dark  
Peace be still you are God

## Chorus 2:

There's no one like Yahweh  
So worthy to be praised  
We're standing in your blood  
Where the broken find their name  
There is no one like Yahweh  
There is no one like Yahweh  
There is no one like Yahweh  
There is no one like Yahweh

## Bridge:

You stretched the line Foundations laid  
By your command you caused the dawn to know its place  
Sealed by your blood Salvation reigns  
The darkness caves at the sound Of Jesus name  
At the sound of Jesus name  
at the sound Of Jesus name  
At the sound of Jesus name

## Instrumental:
